

San Antonio Media Sources Guide

The San Antonio Media Sources Guide is a selective list of the various media outlets in the San Antonio region. This guide links to media outlets' websites (where available) and lists the owners of these media outlets.

The San Antonio Media Sources Guide, like other research and resource guides on the Louis J. Blume Library website, was designed to be used by students, faculty, and staff at St. Mary's University. However, most of the resources listed in this guide are freely available on the Internet.

Please contact [Necia Wolff](#), Business/Distance Learning Librarian, with any questions or comment about the San Antonio Media Sources Guide.
